*PROTOCOLS FROM THE DESK OF DR. ANTHONY MARTIN

JOINT HEALTH PROTOCOL

Pathology:

There are 5 main causes

- 1) **Wear and tear**- degenerative arthritis. This can be due to an old football or hockey injury. Obesity is now the leading cause of joint inflammation and premature destruction.
- 2) **High Circulating Insulin**-The vast majority of the population have what is described as metabolic disorder which elevates insulin. High circulating insulin in turn creates inflammation and can have a detrimental effect on the joints.
- 3) **Vegetable oils**-The food industry uses primarily seed oil. (vegetable oils like canola, safflower, grasped oils)which are highly synthetic oils that elevate omega 6 disproportionately to omega 3 levels thus creating inflammation.
- 4) **Leaky Gut**- when the micro biome (your body's friendly bacteria) is destroyed or diminished, dysbiosis occurs allowing an invasion of candida Albicans that can travel to the joints and cause inflammation and destruction. Auto immune disorders like eczema and asthma are prime examples of leaky gut.
- 5) **Uric Acid**-High levels of uric acid caused by 1. High fructose corn syrup and 2. Fructose- from fruit juice and fruit smoothies. Can destroy joints and cause a huge inflammatory response.

OFFICE USE ONLY

****If elevated Uric Acid**

-crappy carbs are not only very acidic but also contain seed oils (vegetable oils) highly inflammatory elevating omega 6 to omega 3 ratio.

Sugars and crappy carbs elevate insulin creating high circulating insulin which promotes inflammation.

If you have joint pain we suggest cutting back on fruit. Sweeter fruits like bananas, apples, grapes should be avoided. (Berries are permitted)

Fructose-elevates uric acid which can be very destructive to joints.

*with joint pain never drink juice-and stay away from fruit smoothies.

Protocol: How To Get Rid Of Joint Pain and Inflammation

INFLAMMATION FORMULA: If severe pain, 8 capsules per day for 7 days, then 4 capsules daily.

DO NOT COPY

CURCUMIN: 4 capsules daily, 2 for maintenance dose.

NAVITOL: 4 capsules daily. 2 capsules for maintenance dose.

DHA UPGRADED: 4 capsules daily, 2 maintenance dose.

PROBIOTIC: Leaky gut, leaky joints, very anti-inflammatory, absorbs vitamins and minerals, joint regeneration, 3 capsules daily.

BONE BROTH PROTEIN:-High source of collagen (joint rebuilding and gelatin) For Inflammation and cushioning, regeneration in meniscus

An anti-inflammatory diet consists of a low carb and very minimal or no sugar. Sugar is very destructive to joint it feeds leaky gut/ candida that often spreads to the joints.
